SUBJECT : VIDEOTAPE Showing for Senate Select Committee on  
Intelligence

1. Ed Levine of the SSCI staff has requested a viewing of the following videotapes on Tuesday, November 30, 1982, in the SSCI hearing room in the Capitol:

1. Menachem Begin
2. Qadhafi of Libya
3. SA-7 A Tool for Terror
4. Castro's Cuba 23 Years Later
5. Soviet Underwater Weapons
6. The Soviet Space Program

2. Levine plans to invite Committee Members, in addition to the staff, but at this point he has no idea who will attend. (The lameduck session begins on November 29, and the Senators schedules are unpredictable.)

3. Levine also wants a 5-10 minute preliminary presentation on the videotape program, including a description of how the analysts and the producers integrate their efforts. He did not indicate any interest in additional substantive information about the topics covered in the six tapes to be shown. Nonetheless, it is possible the tapes on Begin, Qadhafi and Castro could elicit questions that we would want to be prepared to cover.

4. Levine will provide the necessary equipment for the showing. [ ] of our Legislative Liaison Division will escort the CIA team making the presentation and provide transportation to the Hill.
